CREATIVE AGENCY SEEKS TALENTED DESIGNER WITH PRINT & WEB EXPERIENCE

Do you have 5-7+ years of experience in branding, print and web design and prefer a fun and collaborative, small-office work environment? Do you like regular work hours and value flexibility? Do you enjoy taking a project from concept to completion? If so, you can play a key role at our growing agency.

Eight MoonTM is an award-winning creative firm specializing in brand development, strategic Web design and graphic design for consumer, business and nonprofit clients (a mix of local and national brands).

We are seeking a Graphic Designer with proven experience in brand development, print collateral, package design, infographics, tradeshow, ads, website design, digital marketing and videos. Candidate must have integrated print and digital creative talent, as well as strong organization and communication skills. Out-of-the-box creative thinking, strong typography, color, composition skills and print proficiency are a must. Web/digital skills should include Wordpress, some html/CSS knowledge, email marketing experience, and overall digital branding competency.

RESPONSIBILITIES

- Design and produce a range of print and interactive projects from concept to execution
- Juggle various projects and handle tight deadlines in a fast-paced environment
- Balance both smaller tasks as well as larger projects with an eye for detail
- Adhere to client's brand standards and ability to interpret them
- Work closely with Creative Director and Project Coordinator to implement design solutions based on client goals
- Coordinate with team members including designers, copywriters, freelancers and other vendors – includes training and assisting other designers as needed
- Interact with clients as required.

QUALIFICATIONS & REQUIREMENTS

- 5-7+ years design experience required (past agency experience preferred)
- Degree in graphic design, advertising, communications, or visual art (Bachelor's degree preferred)
- Strong balance of typography, color, composition and layout design skills
- Solid understanding of print production and procedures
- Proficient in InDesign, Illustrator, Photoshop, MS Office
- Skilled in WordPress with an understanding of HTML/CSS and email marketing
- A solutions-orientated mentality with an open and positive communication style
